Proficient: MongoDB, SQL, Express, Mocha, Chai, Heroku, Netlify

Non-Technology Skills: Working in teams, Written and Verbal Communication, Multi-tasking, Coffee, Climbing

PROJECTS

Sproify   MERN Stack
A recipe sharing app for espresso and coffee based drinks. React and Redux used for the front end. Express, Node and MongoDB used for the backend. First full stack project for Thinkful curriculum.

WORK HISTORY

Bird Rock Coffee Roasters, San Diego, CA   2017   Present
Received barista training to make espresso based drinks using a semi-automatic espresso machine in a high volume shop. Also responsible for duties outside making espresso drinks which included customer interactions, brewing coffees, cleaning equipment and keeping up my knowledge of the coffee line up.

Three Phase Electric, Escondido, Ca   2016   2017
Worked independently to fulfill monthly lighting maintenance contracts for Home Owner's Associations all over San Diego. Maintenance varies from replacing burnt out lamps in common areas and walkways, to setting time clocks for pool lights and monument lights.

EDUCATION

Thinkful, Engineering Immersion/Full Stack Web Development — 2017-2018
